

## DRILLING AND PRODUCTION INFORMATION

Assignee shall be obligated to furnish Assignor a statement, on or before the \_\_\_\_\_ day of each month, showing all wells drilled or being drilled pursuant to the terms of this Assignment, the status of all wells, and current production information for all producing wells, including but not limited to volumes, values, and purchasers. Assignee will allow Assignor and its representatives full access to each well at all times, at Assignor's sole risk and expense, including access to all applicable records and to the derrick floor, and Assignor shall be furnished, on request, with samples or copies of all cores, cuttings, logs, drilling data, testing and completing data, and all other information pertaining to a well.
