

**NATURALLY OCCURRING RADIUM, THORIUM,  
OR OTHER MATERIALS (“NORM”)**

Assignee has inspected the Assets for the purpose of detecting the presence or concentration of naturally occurring radium, thorium, and other such materials (“NORM”) and satisfied itself as to their physical and environmental condition, both surface and subsurface, and Assignee accepts all of the same in their “AS IS AND WHERE IS” condition. Assignor disclaims and Assignee assumes all liability arising with the presence of NORM on the Assets, and if any tests have been conducted by Assignor for the presence of such conditions, Assignor disclaims any warranty respecting the accuracy of such tests for the presence of NORM on the Assets or the results of those tests, and disclaims any liability in connection with the tests or results.
